

## RAISING THE BAR ON GOURMET COFFEE FRESHNESS.

We are dedicated to quality and guarantee the highest level of freshness possible. We roast in small batches every day. This allows us to handle and treat our coffees like delicate produce, which is never "shelved" for inventory.

### COFFEE BLENDS

#### European Blend/Light

A lighter coffee blended from South and Central American. A delicate cup of coffee with a clean and easy finish.

#### 5280' Blend/Medium

Indonesian, Central and South American coffees combine to create a very full bodied and balanced coffee. With its rich flavor and medium roast profile, this blend makes for a great house coffee.

#### Rocky Mountain Blend/Medium
